

SITKA FARMERS MARKET Market Rules & Responsibilities

The Sitka Farmers Market (SFM) is a part of the Sitka Local Foods Network.

The mission of the Sitka Farmers Market is to promote and support local food production, to increase the availability and consumption of fresh, nutritious produce and seafood, to support local cottage industry, and to provide an environment for the creation, and growth of positive community relationships. The primary focus of the markets is to support local food production and educate the community on the many benefits of purchasing and eating fresh, locally grown foods.

The managers of the Sitka Farmers Market will do their best to provide all vendors with a safe, comfortable selling space and will actively promote the market to the public.
