

# Community Supported Fisheries Seafood Subscription

## 3-MONTH SUBSCRIPTION:

King and coho salmon

Rockfish and lingcod

Halibut and blackcod

*Plus FREE blackcod tips*

## Community Supported Fisheries (CSF)

is a new way to fill your freezer with locally caught, fresh-frozen seafood. Like Community Supported Agriculture (CSA) subscriptions that deliver fresh produce from local farmers, the Alaskans Own program lets you buy wild Alaskan seafood from the folks who fish our waters. Proceeds benefit the Fisheries Conservation Network—and the Sitka fishing community!

**Your subscription:** Your Alaskans Own CSF subscription includes 6 pick-ups of locally caught, fresh-frozen seafood. Product is flash frozen at its freshest, portioned and commercially vacuum packed. Pick-ups at the Mill Building, 836 Lincoln Street (next to the Sitka Sound Science Center) twice monthly in June, July and August.

**Sign up:** We have 15 spots available in our subscription program, so sign up today by contacting Beth at 738-3360. Payment by check or credit card.
